

DeltaV™ Flex System

Full DeltaV Power, New Flex Way

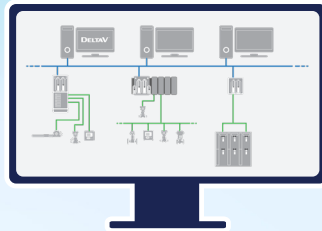

DeltaV Flex System version 16.LTS delivers a full-featured DeltaV Distributed Control System (DCS) with new flexibility. It combines term-based software licensing, product support, and extended hardware warranty in one packaged solution. The Flex System provides a scalable, cost-effective way to implement DeltaV and accelerate your return on investment.

Tailored Startup. Enhanced Flexibility.

- Term-based software licensing and built-in support reduces upfront investment.
- Delivers the full functionality of a DeltaV DCS.
- Start small and expand as your application needs grow.
- Modular design scales from pilot plants to site-wide systems.
- Stay current with the latest DeltaV innovations.

Unleash the Full Potential of DeltaV.

- Delivers the same robust performance as traditional DeltaV systems with no limitations.
- Seamlessly add advanced applications, expand capacity, or integrate DeltaV add-ons.
- Supports 50 to 30,000 Flex DSTs for scalability from small installations like R&D facilities to large, complex operations.

Built-In Support. Focus on What Matters.

- Provides lasting value with built-in Product Support and Extended Hardware Warranty.
- Extended warranty offers long-term protection for DeltaV Control and I/O.
- Product support ensures continuous access to expert guidance and software updates.
- Delivers reliable, system-wide assistance to keep operations running smoothly.
- Enables you to focus on operating your plant efficiently and confidently.
